PUBLIC PRESENTATION OF THE V-THEO
PROJECT AND ROUNDTABLE

RELIGIOUS PLURALISM:
THEOLOGIES AND PRACTICES

SAN GIORGIO AL PALAZZO
PIAZZA SAN GIORGIO 2, MILAN

SEPTEMBER 23RD 2024, 5.30 –7.30 PM

On the occasion of the presentation of a major research project by ResetDOC on the Theologies and Practices of Religious Pluralism authorities and representatives from different religious communities in Milan will gather for a roundtable to share local experiences of dialogue among people from different religious traditions within the shared urban landscape. These practices, whether conducted on a personal or institutional level, will introduce listeners to the lively interreligious panorama of the city. The [V-Theo](#) project analyzes pluralism from a theological perspective and explores the changes globalization induces in religion. What place does each religious variety hold in the divine plan?
